**11.04.165 Private Animal Placement Permit - Individual**

A. PERMIT REQUIRED. Any person independently engaged in the fostering of dogs and cats who routinely possesses more dogs and cats than are allowed in Title 21A K.C.C. must obtain an Individual Private Animal Placement Permit from animal control. Permits shall be valid for one year from the date of issuance, and may not be transferred.

B. QUALIFICATIONS. In order to qualify for an Individual Private Animal Placement Permit an applicant must:

1. Maintain and care for dogs and cats in a humane and sanitary fashion in compliance with the provisions of K.C.C. 11.04.090.
2. Reside where the fostering of dogs and cats is compatible with the surrounding neighborhood.
3. Agree to return stray or lost animals to their owners in accordance with the requirements of K.C.C. 11.04.210 before placing such animals in an adoptive home.
4. Agree to spay/neuter and license each dog or cat before placement into its new home and transfer the license of each animal to its adoptive owner.
5. Agree to coordinate their adoption process with animal control, including reporting on the disposition of each animal, and only adopting to owners who would qualify to adopt an animal from a King County Animal Control Shelter based on the adoption procedures and guidelines used by the animal control authority.

C. LIMITATION ON NUMBER OF DOGS AND CATS ALLOWED. Those holding an Individual Private Animal Placement Permit shall be allowed to possess five foster animals above the limit that would normally apply to their property under Title 21A King County Code.

Permit holders are required to locate an adoptive home for each dog or cat within six months of acquiring the dog or cat. If, after six months, an adoptive home has not been found for a dog or cat, the animal control authority will review the situation to determine if the permit holder is complying with the requirements of the permit. If the director ascertains that a good faith effort is being made to locate adoptive homes, a six-month extension may be granted.

The presence of juvenile animals shall not necessarily place a permit holder over their limit unless the director determines that juvenile animals are present in such large numbers as to place the permit holder out of compliance with the requirements of the permit.

Holders of hobby kennel licenses shall be allowed to possess and foster five more animals than are allowed by the conditions of a hobby kennel permit.

D. INSPECTION, DENIAL AND REVOCATION OF PERMIT. The animal control authority shall have the right to inspect the facilities of an applicant for an Individual Private Animal Placement Permit to determine whether or not such a permit shall be issued. The animal control authority shall also have the right to deny or revoke permits based on a failure to meet the above qualifications; animal control complaints (past, present or future); and/or complaints regarding the maintenance of the Individual Private Animal Placement Permit by neighbors. Any organization engaged in the fostering of dogs and cats whose members routinely or from time to time have in their possession up to five more dogs and cats than are allowed in Title 21A K.C.C. must obtain Organizational Private Animal Placement Permits from animal control for each of those members. Organizations may purchase up to 5 Permits, or up to 20 Permits per year.

Provided, however, that the director has the authority to issue more than 20 Permits to an organization, when to do so would further the goals of the animal control section and be in the public interest. Permits shall be valid for one year from the date of issuance, and may be transferred between members of the organization.

B. QUALIFICATIONS. In order to qualify to distribute Organizational Private Animal Placement Permits to its members an organization must:

1. Be of a reputable nature, and engaged in the fostering of animals solely for the benefit of the animals involved, and not as a commercial enterprise.
2. Agree to furnish animal control with the names, addresses and phone numbers of each of the holders of its permits; including immediately furnishing this information when a transfer takes place.
3. Agree that to the best of their ability they shall only issue permits to individuals who will:
  - a. Maintain and care for dogs and cats in a humane and sanitary fashion in compliance with the provisions of K.C.C. 11.04.090.
  - b. Reside where the fostering of dogs and cats is compatible with the surrounding neighborhood.
  - c. Agree to return stray or lost animals to their owners in accordance with the requirements of K.C.C. 11.04.210 before placing such animals in an adoptive home.
  - d. Spay/neuter and license each dog or cat and transfer the license of each animal to its adoptive owner.

e. Coordinate their adoption process with animal control, including reporting on the disposition of each animal, and only adopting to owners who would qualify to adopt an animal from a King County Animal Control Shelter based on the adoption procedures and guidelines used by the animal control authority.

C. LIMITATION ON NUMBER OF DOGS AND CATS ALLOWED. Those holding an Organizational Private Animal Placement Permit shall be allowed to foster up to five more dogs or cats above the limit that would normally apply to their property under Title 21A King County Code. Holders of hobby kennel licenses shall be allowed to foster five more animals than are allowed by conditions of a hobby kennel permit.

Permit holders are required to locate an adoptive home for each dog or cat within six months of acquiring the dog or cat. If, after six months, an adoptive home has not been found for a dog or cat the animal control authority will review the situation to determine if the permit holder is complying with the requirements of the permit. If the director ascertains that a good faith effort is being made to locate adoptive homes, a six-month extension may be granted.

The presence of juvenile animals shall not necessarily place a permit holder over the limit of five foster animals beyond the limit that would normally apply to their property under K.C.C. 21A.30.020 unless the director determines that juvenile animals are present in such large numbers as to place the permit holder out of compliance with the requirements of the permit.

D. INSPECTION, DENIAL AND REVOCATION OF PERMIT. The animal control authority shall have the right to inspect the facilities of an applicant for an Organizational Private Animal Placement Permit to determine whether or not such a permit shall be issued. In addition, the animal control authority shall have the right to periodically inspect the facilities of holders of Organizational Private Animal Placement Permits to insure compliance with this Section, and to determine whether or not the organization as a whole will be allowed to continue fostering dogs and cats. The animal control authority shall also have the right to deny or revoke permits based on a failure to meet the above qualifications; animal control complaints (past, present or future); and/or complaints regarding the maintenance of the Organizational Private Animal Placement Permit by neighbors. (Ord. 11792 § 7, 1995: Ord. 10809 § 4, 1993).

### III. ENFORCEMENT, PENALTIES AND PROCEDURES

#### **11.04.170 Enforcement power.**

A. The manager of the animal control authority and his or her authorized animal control officers are authorized to take such lawful action as may be required to enforce the provisions of this chapter, Ordinance 10870, as amended, and K.C.C. Title 21A, as the provisions pertain to the keeping of animals, and the laws of the state of Washington as the laws pertain to animal cruelty, shelter, welfare and enforcement of control.

B. The manager of the animal control authority or his or her authorized animal control officers shall not enter a building designated for and used for private purposes, unless a proper warrant has first been issued upon a showing that the officer has reasonable cause to believe an animal is being maintained in the building in violation of this chapter.

C. The manager of the animal control authority and his or her authorized animal control officers, while pursuing or observing any animal in violation of this chapter, may enter upon any public or private property, except any building designated for and used for private purposes, for the purpose of abating the animal violation being pursued or observed.

D. No person shall deny, prevent, obstruct or attempt to deny, prevent or obstruct an animal control officer from pursuing any animal observed to be in violation of this chapter. Further, no person shall fail or neglect, after a proper warrant has been presented, to promptly permit the manager or the authorized animal control officer to enter private property to perform any duty imposed by this chapter. Any person violating this subsection is guilty of a misdemeanor. (Ord. 14498 § 11, 2002: Ord. 11792 § 8, 1995: Ord. 3980 § 3, 1978: Ord. 2771 § 2, 1976: Ord. 2428 § 11, 1975: Ord. 1396 Art. III § 1, 1972).

**11.04.180 Violations - Deemed nuisance - Abatement.** All violations of this chapter are detrimental to the public health, safety, and welfare and are public nuisances. All conditions which are determined after review by the director of the animal control authority to be in violation of this chapter shall be abated. (Ord. 1396 Art. III § 2, 1972).

**11.04.190 Violations - Misdemeanor - Penalty.** Any person who allows an animal to be maintained in violation of this chapter is guilty of a misdemeanor punishable by fine of not more than two hundred fifty dollars and/or imprisonment for a term not to exceed ninety days. (Ord. 1396 Art. III § 3, 1972).

11.04.200 - 11.04.210

**11.04.200 Violations - Civil penalty.** In addition to or as an alternative to any other penalty provided in this chapter or by law, any person whose animal is maintained in violation of this chapter shall incur a civil penalty in an amount not to exceed one thousand dollars per violation to be directly assessed by the director plus billable costs of the animal control authority. The director, in a reasonable manner, may vary the amount of the penalty assessed to consider the appropriateness of the penalty to the nature and type of violation; the gravity of the violation; the number of past and present violations committed and the good faith of the violator in attempting to achieve compliance with prescribed requirements or after notification of a violation. All civil penalties assessed will be enforced and collected in accordance with the procedure specified in this chapter. (Ord. 10168 § 6, 1991: Ord. 7923 § 2, 1987: Ord. 6370 § 6, 1983: Ord. 4610 § 5, 1979: Ord. 3548 § 6, 1978: Ord. 1396 Art. III § 4, 1972).

**11.04.210 Impounding.**

A. The director of the animal control authority and his authorized representatives may apprehend any animals found doing any of the acts defined as a public nuisance and/or being subjected to cruel treatment as defined by law. After such animals are apprehended, the animal control authority shall ascertain whether they are licensed, or otherwise identifiable. If reasonably possible, the animal control authority shall return the animal to the owner together with a notice of violation of this chapter. If it is not reasonably possible to immediately return a currently licensed animal to its owner, the animal control authority shall notify the owner within a reasonable time by regular mail or telephone that the animal has been impounded and may be redeemed. Any currently licensed animal impounded pursuant to this chapter shall be held for the owner at least one hundred twenty hours, after telephone contact by the impounding agency or for at least two weeks after posting of the notification of impoundment by regular mail; any other animal impounded pursuant to this chapter shall be held for its owner at least seventy-two hours from the time of impoundment. The county shall not sell any animals to research institutes or licensed dealers for research purposes. Any animal suffering from serious injury or disease may be humanely destroyed, or, in the discretion of the impounding authority, may be held for a longer period and redeemed by any person on payment of charges not exceeding those prescribed herein.

B. Any animal not redeemed shall be treated in one of the following ways:

1. Made available for adoption at a fee of \$7.50 per animal as provided in K.C.C. 11.04.035.

a. Any person may adopt an animal impounded pursuant to the provisions contained in this chapter when all billable costs, redemption fees, penalties, and boarding costs incurred in such impoundment are made payable to the county finance director, which may be accepted by the animal control authority acting as agent for the county. As provided in K.C.C. 11.04.035, all dogs and cats over the age of six months adopted from the King County animal shelter shall be spayed or neutered prior to adoption. A spay/neuter deposit shall be charged for dogs and cats under the age of six months which are too young to be spayed/neutered prior to adoption. This deposit will be returned to the adopting person upon submission of proof that the sterilization was performed within six months from the date of adoption. Failure to spay/neuter such dog or cat is a violation of this chapter and a breach of the adoption contract and will result in the forfeiture of the adoption and return of the dog or cat to King County animal control for the required spaying/neutering.

b. The director shall have the authority to set administrative rules regarding the adoption of animals from King County shelters.

2. Humanely destroyed by euthanasia.

C. The county shall not sell any animals for the purposes of medical research to any research institute or any other purchasers.

D. Any unaltered dog or cat impounded more than once shall be spayed or neutered by either the animal control authority prior to the release of the dog or cat, or, at the request of the owner, by the owner of the dog or cat, provided the owner agrees to pay a cash deposit of \$250 and provide proof of neutering or spaying on a form provided by the county. In order for the deposit to be refunded to the owner the form must be certified by a licensed veterinarian within five days of release of the dog or cat to the owner.

If proof of neutering or spaying is not provided within five days, the animal control authority will have the right to again impound the dog or cat to ensure that it is spayed or neutered. If the dog or cat is spayed or neutered by the animal control authority, the cost of the spay or neuter shall be charged to the owner upon redemption but shall be deducted from the impound/redemption fees otherwise required under this chapter. (Ord. 11920 § 1, 1995: Ord. 10423 § 23, 1992: Ord. 10168 § 7, 1991: Ord. 7986 § 2, 1987: Ord. 7871, 1986: Ord. 6370 § 7, 1983: Ord. 6243 § 1, 1982: Ord. 6049, 1982: Ord. 5805 § 3, 1981: Ord. 2428 § 12, 1975: Ord. 1396 Art. III § 5, 1972).

**11.04.220 Additional enforcement.** Notwithstanding the existence or use of any other remedy, the director of the animal control authority may seek legal or equitable relief to enjoin acts or practices and abate any conditions which constitute a violation of this chapter or other regulations herein adopted. (Ord. 1396 Art. III § 6, 1972).

**11.04.335 Waiver of fees and penalties.** A. The director has the authority to waive licensing fees, late licensing penalty fees, adoption fees, and redemption and sheltering fees, in whole or in part, when to do so would further the goals of the animal control section and be in the public interest.

B. In determining whether a waiver should apply, the director must take into consideration the following elements:

1. The reason the animal was impounded;
2. The reason or basis for the violation, the nature of the violation, the duration of the violation, and the likelihood the violation will not recur;

3. Investigate the allegation(s) in the written complaint and the response submitted by the permit holder, and organization, if applicable.
4. Make a finding as to the validity of the allegation(s) in the complaint. If it is found to be a valid complaint the director shall revoke the permit pursuant to the qualifications described in K.C.C. 11.04.030 and K.C.C. 11.04.165.

B. Failure to respond, in writing, to a Notice of Complaint within ten days shall constitute a waiver of the permit holder's, and organization's, if applicable, right to contest the allegation(s) in the complaint and shall be prima facie evidence that the allegation(s) are valid, and the permit shall be revoked. (Ord. 10809 § 5, 1993).

#### IV. MANDATORY SPAY/NEUTER PROGRAM

**11.04.400 Mandatory spaying and neutering.** A. No person shall own or harbor any cat or dog over the age of six months that has not been spayed or neutered unless the person holds an unaltered animal license for the animal pursuant to K.C.C. 11.04.030.

The euthanasia rates shall not include animals that are destroyed because they are feral, medically or temperamentally unsuitable for adoption or have been released by their owners for owner-requested euthanasia. The computation of the euthanasia rates shall be based on a population which is defined as all of King County, except the City of Seattle.

1. The number of healthy dogs and cats destroyed by King County animal control and its designees exceeds 11 cats per 1,000 persons living in the county and 6.6 dogs per 1,000 persons living in the county for any given year ending December 31st, or

(Ord. 10423 § 22, 1992).

**11.04.560 Public information education.**

A. The animal control authority in conjunction with the King County animal control citizen's advisory committee shall develop a public information and education campaign about responsible pet ownership, pet adoption, and the benefits of spay and neuter operations. The campaign should be coordinated with other animal interest groups. The materials shall be made available to the general public and provided to each person obtaining a license or redeeming a pet. Materials shall be made available to and disseminated through veterinarians, pet shops, catteries, kennels, and the media. The use of pro bono assistance from entities having expertise in public advertising or information campaigns is encouraged. A. Fifty percent to pay for or provide reimbursements for the cost of spaying and neutering of cats and dogs. Although the subsidy shall be available to all people who own unaltered dogs or cats, the emphasis should be for pets owned or harbored by low-income or fixed-income residents or senior citizens on a low or fixed income to make spaying and neutering affordable and convenient for them.

B. Fifty percent to provide public education to prevent the overpopulation of dogs and cats and to encourage licensing and the responsible treatment of cats and dogs. The education program shall include but not be limited to public advertising and informational campaigns.
